See attached WebEx sign-in sheet for full list of attendees.

1. Welcome and Introductions

David Pedersen, chair of the North Santa Monica Bay WASC, called the meeting to order.

All committee members made self-introductions, and quorum was established.

2. Approval of Meeting Minutes from July 23, 2020

The District provided a copy of the meeting minutes from the previous meeting.

Bruce Hamamoto noted that in item 5c, County will be using its municipal funds to leverage its funds for other projects.

Alex Farassati made a motion to approve the meeting minutes. Roxanne Hughes seconded the motion. The Committee voted to approve the meeting minutes (Unanimous).

3. Committee Member and District Updates

Kirk Allen provided updates from the District, noting: Transfer Agreements have been sent to all cities, and several cities have already sent back their annual plans; the County BOS adopted the 2020-21 SIP; and all template agreements have been sent to regional project developers.

4. Public Comment Period

No public comments received.

5. Discussion Items

a) Ex Parte Communications Disclosure

Jessica Forte, David Pedersen, and Madelyn Glickfeld have had conversations to discuss potential project options for NSMB.

Joe Bellomo and Alex Farassati have had outside discussions to discuss a new chair for NSMB.

b) Safe, Clean Water Program updates, review of WASCs roles and responsibilities, schedule and timeline (Presentation by District and Stantec)

The District and Stantec provided a summary of the latest District updates, WASC roles, and schedule for the new year. (See attached presentation pdf)

c) Review of Process and Timeline to Select a Watershed Coordinator

The District provided an update to the process and timeline to interview for the Watershed Coordinators, which will begin in December. Committee members discussed potential members that would be able to attend the upcoming planned meetings and would be able to review and provide a ranked list of their preferred candidates. The District noted that it would not be possible to fast track one WASC over another, as all Watershed Coordinators have to be considered in one batch.

d) Review of Projects submitted for Year 2 of Regional Program

The District showcased the projects, concepts, and studies submitted for this year's second round call for projects on the SCW Program Data Portal. The SCW Program Data Portal can be found on the www.safecleanwaterla.org website under the Regional Program > Projects tab.

e) Debrief on October 29, 2020 Regional Oversight Committee Meeting

The District provided an overview of the October 29 ROC meeting. For additional details for the meeting, please see the meeting minutes for the October 29 ROC meeting on the SCW website. The committee discussed the ROC's five specific areas that would improve the program. The five areas included: Programming Partial Funding; Applying consistent Disadvantaged Community Benefits program policies; strengthening community engagement and support; clarifying prioritization of Nature-Based Solutions; and Understanding Water Supply Benefits.

Madelyn Glickfeld wanted to stress that the committee members become familiar with these five items as these will be critical for the NSMB WASC, with special emphasis to partial funding, Nature-based solutions, and how to claim water supply benefits. Madelyn Glickfeld requested that the District provide presentations from subject matter experts to provide guidance on these items.

6. Voting Items

a) Selection of Chair, Co-Chairs, and/or Vice Chair

David Pedersen offered to continue on as Chair. Madelyn Glickfeld offered to continue on as Vice Chair.

Jessica Forte made a motion to approve. Cung Nguyen seconded the motion. The Committee voted to approve (Unanimous). Dave Roberts was not present for voting.

b) Send all completed feasibility studies to Scoring Committee for scoring

Alex Farassati made a motion to approve. Roxanne Hughes seconded the motion. The Committee voted to approve (Unanimous). Dave Roberts was not present for voting.

c) Authorization to prepare draft letter from WASC on Elements of Clarification for FY2021-22 SIP Programming Guidelines

David Pedersen committed to working with Madelyn Glickfeld to draft this letter ahead of the next NSMB WASC meeting. Jessica Forte noted that she would be willing to assist with the drafting of this letter.

Roxanne Hughes made a motion to approve. Kirsten James seconded the motion. The Committee voted to approve (Unanimous).

7. Meeting Schedule

David Pedersen noted that a survey is underway to determine committee member availability to establish reoccurring meetings. The District noted that it would soon be providing an update on the outcome of that survey.

8. Items for next agenda

David Pedersen wanted to include additional information on the Watershed Coordinator effort, as well as the additional programming guidance.

Cung Nguyen wanted to discuss the staff memo at the next meeting, in addition to the draft letter.

9. Adjournment

David Pedersen thanked the committee members and public for their time and participation and adjourned the meeting.

WASC Roles and Responsibilities

Bring **together** each members' personal **experiences, expertise, and perspectives** in a collaborative setting to put forth the **best multi-benefit projects** for the region that addresses the **Watershed Area's priorities and needs**, meets the **SCW Program Goals**, and demonstrates a **fiscally responsible and balanced use of SCW funds**.

- Meet, confer, coordinate, collaborate, and cooperate with one another, in good faith
- Share expertise and provide guidance, and information
- Develop annual SIP so to benefit stakeholder perspectives.

Refer to WASC Operating Guidelines for additional details

6

- Have decided to invest in improving environmental water quality (as required by MS4 permits)
- The decision included, however, ensuring the investments were community enhancing and job creating, overcoming of injustices and enhancing of water supply resilience.

6

Watershed Management in the SCWP

- Watershed Management encompasses
 - How challenges and opportunities resolve at water scales, not political scales
 - Upstream impacts downstream
 - Understanding and mimicking the system-of-systems that engages water, land, biology, policy, infrastructure, etc.
- Watershed Coordination
 - Relationships between people, and good communication are necessary
 - Listening to community expertise, developing investments that align with what the community requests

FY 21-22 SIP Programming Guidelines

- The 85%/10%/5% ratios, DAC benefits, Municipality benefits, and spectrum of project types and sizes will be **evaluated over a rolling 5-yr period**.
- WASCs have set the precedent of **reserving budget** to allow SIPs to handle unexpected decreases in revenue in the program, and so future project proponents have available resources.

Scientific Studies Program

15

15

FY 21-22 SIP Programming Guidelines

- The District has committed to complete feasibility studies for a rate of **\$300,000** to be approved and budgeted in the SIP.
- A placeholder of **\$200,000** shall be programmed in the current SIP for **watershed coordinator services**.
 - (for Upper LA River and Central Santa Monica Bay WASCs it is \$200,000 per coordinator)

16

16

FY 21-22 SIP Programming Guidelines

- The District intends to develop and include additional guidelines for FY 21-22 which will be available for public review.
 - This includes guidance for allocating partial funding, documenting disadvantaged communities benefits, assessing Nature-Based Solutions, Community Engagement and Water Supply benefit.
 - Once available, adopted guidance could inform governance committee discussions, begin establishing standard terminology, and be fully available for Round 3 considerations.

WASC Operating Guidelines – Additional Responsibilities

- **Meetings**
 - Each WASC shall hold regular public meetings, no less than quarterly.
 - An absence of **two** consecutive meetings or more than **three** meetings in one year will make the member eligible for removal from the WASC.
 - WASC meetings are subject to the **Brown Act**.
- **Quarterly Progress/Expenditure Reports**
 - WASCs are responsible for reviewing quarterly progress and expenditure reports submitted by project developers for funded projects.
- **Watershed Area Regional Program Progress Reports**
 - District staff will prepare a draft WARPP report on behalf of each WASC. Each WASC will be responsible for review and approval of the WARPP before submittal of the report of the ROC.
 - First WARRP report is due 6/30/22
