Meeting: Safe Clean Water Proj Proj 68 Date: 1/18/2022
ULAR-WASC

LA County Public Works may contact me for clarification about my comments
*Per Brown Act, completing this information is optional. At a minimum, please include an identifier so that you may be called upon to speak.

Phone participants and the public are encouraged to submit public comments (or a request to make a public comment) to SafeCleanWaterLA@dpw.lacounty.gov. All public comments will become part of the official record.

Please complete this form and email to SafeCleanWaterLA@dpw.lacounty.gov by at least 5:00pm the day prior to the meeting with the following subject line: "Public Comment: [Watershed Area] [Meeting Date]"
(ex. "Public Comment: USGR 4/8/20").

Comments

I am a Board Member of Descanso Gardens and am writing in support of The Winery Canyon Channel Project.

This is an important project for Descanso Gardens and the community. As a La Canada resident, I am excited to see that this project will meet the pollutant load reduction, as well as the sustainability goals for the city. It improves the environment for birds & other wildlife. Visitors benefit from the ADA boardwalk which enhances the accessibility of a beautiful part of the gardens.

Comments

I am a La Canada resident and I strongly support this project for several reasons. First, and most important, it will reduce the need for imported, potable water, which is so scarce in Southern California and the West. Any project that can improve sustainable water operations for multiple stakeholders is important to support. Second, I am a bird lover, and this project, which improves the wetland community around the lake in Descanso Gardens, should enhance the environment for native bird species.

Comments

As a resident neighbor and the Chair of the Board of Trustees of Descanso Gardens, I write in support of the proposed Winery Canyon Channel Project. The project will support the pollutant load reduction and sustainability goals for the City of La Canada Flintridge. It will reduce the use of potable water, which will support the achievement of State water conservation goals. The project will improve the natural environment for wildlife, especially birds. And, the ADA compliant boardwalk feature which will circumnavigate the Gardens' lake will open the area to new visitors.

I believe this project is exemplary - it will achieve and/or support many worthy goals, and will be a great example of water use and management available for all to see.

Thank you for your consideration.

Donald Voss

Comments

I am a board member with Descanso Gardens, and I'm in support of the Winery Canyon Channel Project.

This project has my support because it is expected to (1) Reduce the use of potable water, helping to preserve water in the State of California; (2) Improve the environment for wildlife, especially birds; and (3) The ADA Boardwalk feature which goes all around the lake will allow me and other to experience the Lake in a new way.

Thank you in advance for your consideration. I ask that you please approve our project.
